AUTOMOBILE WAS DEMOLISHED

Son of Oliver McCall Struck
Horse Owned by Edgar
And Manford Pitts

Damages received by an automobile when it struck a horse were the basis of a damage suit filed by Oliver M. McCall, of Russellville, in Montgomery circuit court at Crawfordsville Wednesday morning against Edgar, Manford and Pearl Pitts. The plaintiff is suing for \$500 damages. The complaint states that about 1:45 o'clock on the morning of Feb. 26, 1931, Howard McCall, son of the plaintiff, was driving along the Brown's Valley road enroute to his home at Russellville from Crawfordsville. When he reached a point near the Pitts home, the horse suddenly jumped out from the side of the road, directly in the path of the McCall machine.

McCall says that his son threw on the brakes and tried to stop, but that the animal appeared so suddenly he was unable to avoid the crash. The machine was badly damaged, the entire front part of it being demolished.

The machine, according to the complaint, was worth about \$500 previous to the accident, but afterwards was valued at only \$100.

McCall also states that the impact was so terrific that the horse was killed.

The plaintiff alleges that the accident was due wholly to the neglect of the defendants in allowing their horse to run at large on the public highway. He says that his son was powerless to prevent the accident.

THIEVES ENTER POLAND
STORES; LOOT SMALL

POLAND, March 26.—Burglars entered the Kattman & Co. general store and the Poland Hardware Co. store last night and got away with a small amount of booty.

The Kattman store was robbed of small change from the cash register. The Poland Hardware Co. lost three shot guns. Entrance was made at each place by prying open the front door with a "jimmy".

Several years ago a burglar was shot and killed in the Kattman store by men stationed to guard it and since then burglars have given the store a wide range.

Deputy Sheriff Frank Goble was called and took the blood hounds but owing to the number of persons who had been over the floor this morning the dogs were unable to pick up a trail.

Sheriff Roy Tipton had gone to Detroit, Mich., on official business.

GUARD UNITS RUSHED
TO JAIL IN ALABAMA

MONTGOMERY, Ala., March 26.—Detachments of National Guards numbering sixty and seventy men tonight were ordered to Scottsboro to guard the Jackson county jail where nine Negroes are held charged with attacking two white girls.

Sheriff M. L. Wann said a crowd of 300 persons had gathered about the jail. The sheriff requested troops as a precautionary measure, stating that the situation seemed quieter than it had in the afternoon. Troops from Albertville were expected to arrive by midnight.

The girls, wearing overalls, said they boarded a freight train at Chattanooga, Tenn., with six youth. They told officers that when the train stopped in Stevenson, Ala., they were in a box car with the Negroes. A free-for-all fight followed and five of their companions were forced from the train.

DAMAGE SUIT COMPROMISED
AFTER THE JURY IS CALLED

The case of Stella Lemmons against Ray L. Bennett, in which a judgement of \$5,000 was demanded by Mrs. Lemmons as the result of an automobile accident, was compromised today. The case was to have been tried in the Putnam circuit court Thursday and a jury had been called to hear the evidence. It is said that Mrs. Lemmons accepted \$150 for alleged damages.

The case was venued to the Putnam circuit court from the Vigo circuit court, and was the result of a smashup, which is said to have occurred at the corner of Lafayette avenue and Tippecanoe street in Terre Haute on January 17 of last year.

EMINENCE MAN
STILL MISSING
FROM HIS HOME

RELATIVES OF ALVA RHEA ARE
WITHOUT THE SLIGHTEST
CLUE AS TO HIS WHEREABOUTS
—RUMORS ARE PROVED FALSE

Although more than a week has elapsed since the sudden and complete disappearance of Alva Rhea, Eminence farmer, his family is still without the slightest trace of his whereabouts and is still unable to account for his prolonged absence.

Rhea disappeared last Tuesday after cashing a \$1,350 bank draft in Martinsville. It was at first thought that perhaps a mental weakness brought on by an attack of flu might have caused the Eminence man to wander away and so far there has been no other reason offered for his absence.

Rumors were current that Mr. Rhea's Ford coupe was found in Indianapolis the first of the week and that a man answering the description of the missing man had left Indianapolis by airplane but the story was found to be mere rumor.

JUDGE IN SHORT TALK

Discussion Concerning Medical Aid
for Township Poor—Harry
Wells, Trustee At-
tends Session

Undulant Fever was the subject of a paper by Dr. T. A. Sigler, veterinarian, before the members of the Putnam county medical society at a dinner meeting last night in the Putnam County hospital. Judge James P. Hughes was present and made a short talk on ways and means of getting patients into the Riley Hospital in Indianapolis. Harry Wells, Greenecastle township trustee, questioned the doctors concerning medical care for the poor.

Dr. Sigler gave an interesting discussion of undulant fever which is rarely contracted by the human being but is very common among cattle and hogs. A person generally gets the disease from drinking milk from an infected animal and the only way to diagnose the disease is by blood tests. As yet no serum or vaccine has been found which will kill the disease in the human being and it must be allowed to run its course which is generally about three months duration and is then followed by short recurrences for a period of about a year.

Severe chills followed by high fever make up the disease and the patient must have absolute rest. Evidence of the rarity of undulant fever is noted in the fact that last year in the entire state of New York there were only 45 cases of the disease.

DEATH TRYST JURY
SELECTION IS SLOW

RUSHVILLE, Ind., March 25.—When Rush circuit court adjourned here this afternoon state and defense attorneys still were engaged in the task of obtaining a jury to try Mrs. Marie Cole, 25 years old, of Indianapolis, charged with being accessory to the slaying of her husband, Raymond Cole, who was lured to a lonely place near Greenfield last Halloween.

The trial opened yesterday morning and opposing counsel occupied all of the day in attempts to select twelve jurors. The questioning of townsmen was resumed today, but at adjournment there was no indication that a jury would be obtained soon.

Mrs. Cole continued to show but mild interest in the proceedings today. She is accompanied in court by her mother, Mrs. Rosie Schenkein of Indianapolis and her brother and sister-in-law, Mr. and Mrs. Fred Schenkein, also of Indianapolis.

The Christian Church Choir will meet for rehearsal Saturday evening March 28 at 7 o'clock. Please note the change of date.

FILES SUIT FOR DIVORCE

Alleging that her husband, Levi Dotson was abusing during their entire married life and that he struck her and cursed her at divers times Mrs. Molly Dotson of 407 east Berry street has filed suit in the Putnam circuit court for divorce.

In the suit, which was filed late Thursday, Mrs. Dotson further charged that the abusive treatment of her husband caused her worry and poor health. She also alleges that she was forced to furnish and maintain their home as her husband spent most of his money for liquor.

According to the complaint the couple were married in October, 1930, and were separated on March 11 of this year. There were no children born to the union.

Nearly three hundred DePauw University men attended the first all-sports banquet here last night. Kappa Tau Kappa, inter-fraternity council was in charge of arrangements. This takes the place of the usual football banquet given each year and is to honor DePauw athletes in all branches of sports.

The principal speaker of the evening was Harry C. Kipke, football coach at the University of Michigan. In his talk he stressed the point that if DePauw wasn't the greatest school in the world to each individual here, then that individual should get off the campus. He held no brief for the man who ran-down his own school. His talk was spiced with many anecdotes culled from his own wide experience in sports.

Dr. Walter E. Bundy, professor of Bible at DePauw acted as toastmaster. Other speakers on the program included Dr. W. M. Blanchard, dean of the college, Coach Raymond E. Neal, football mentor and D. C. Moffett, head of the department of physical education and varsity basketball coach. The banquet was served in the Methodist church.

PHI BETA KAPPA
ELECTS FIFTEEN
DEPAUW SENIORS

HONORS ARE AWARDED AT SPECIAL SERVICE—DR. W. M. BLANCHARD IS PRINCIPAL SPEAKER FOR THE OCCASION

GIVES ORGANIZATION HISTORY

Dr. Salem B. Town Is Only Living
Charter Member of DePauw
Chapter Of Honorary
Scholastic Frater-
nity

Fifteen DePauw University seniors were elected to Phi Beta Kappa, honorary scholastic fraternity, Wednesday night and in a special chapel service today in McHaffery Hall, were announced. The plan this year was an innovation. Heretofore, the outstanding seniors selected were notified by letter.

Prof. H. Y. Voltmer of the political science department and president of the DePauw chapter of Phi Beta Kappa presided. He gave a short history of the organization which was founded here in 1889. Dr. Salem B. Town is the only charter member left and was present for the service pronouncing the invocation. The leading figure of the DePauw chapter for the last twenty years has been Dr. W. M. Blanchard whom Prof. Voltmer introduced as the speaker of the program.

Dr. Blanchard in his talk stated that for the last 150 years, Phi Beta Kappa has held a significant place in the world and has been the symbol of scholarship. No outstanding colleges and universities are without a chapter. In the history of the DePauw chapter more than 600 have received the key. The basis on which membership is selected is grades, which the speaker said, was found to be the most accurate basis found to date.

There are exceptions, he said, where men wearing the key have been content to assume mediocre roles but there are the exceptions that prove the rule. Election to Phi Beta Kappa is no assurance of future success, he pointed out, success depending on ability and character. His only voiced criticism was the fact that a system that mapped out one's entire college course and made the daily assignments did not tend to develop the initiative of the student.

Prof. Voltmer read the following names as those elected for this year: Paul Boyer, Terre Haute; Norman Ferguson, Indianapolis; John George, Pendleton; Lucille Hunt, Marion, O.; Betty Lou Hunter, Paris, Ill.; James Hupp, LaPorte; Mary McCord, Pittsboro; Mable Matthews, South Bend; Nancy Mattice, Vincennes; Natalie Roberts, Kendallville; Elizabeth Shoup, Covington; Charles Shumaker, Indianapolis; Eleanor Stewart, Losantville; Joseph W. Taylor, South Bend and Lucille Wade, Indianapolis.

JOHN HAMILTON PAYS
FINE; DISMISSES APPEAL

John Hamilton of south Greenecastle, who was fined \$5 and costs by Mayor W. L. Denman in city court on a charge of assault and battery last summer, today paid his fine and dismissed an appeal that has been pending in the Putnam circuit court since the trial last summer. The case was to have been heard by Judge James P. Hughes Friday.

Case against Hamilton grew out of an accident, in which it was alleged an automobile driven by him struck, knocked down and injured Mrs. Frank Anderson, aged south Greenecastle woman. The case was only one of a number that have come up in the courts here because of altercations between the Hamilton and the Anderson families. The families reside in the same neighborhood.

BILL WITHDRAWS STATE SUPPORT OF ENFORCEMENT

SPRINGFIELD, Ill., March 25.—The Illinois Senate today passed the bill repealing the state's prohibition enforcement laws. The measure, already passed by the House, now goes to the Governor. The vote was 26 to 24.

The bill, one of the shortest ever enacted by the Illinois Legislature, would repeal the state prohibition law and the search and seizure act. In effect it would withdraw all state support from the Federal government in fighting illicit manufacture and traffic of intoxicating liquor.

Passage of the O'Grady-McDermott bill, named for its sponsors in the House and the Senate, followed a day of oratory and was presaged shortly before the final roll call by defeat of a dry measure to match a referendum clause. The vote on the referendum also was 26 to 24.

TIPTON LEADER NOMINATED FOR AUXILIARY PRESIDENT

MRS. BLANCHE R. MOUNT

CARMEL, Ind., Mar. 26.—The Ninth district of the American Legion Auxiliary has unanimously endorsed Mrs. Blanche R. Mount, of Tipton, present state treasurer for the office of department president, subject to the election that will take place at the Anderson state convention next August. It is believed that the action taken by the Ninth district auxiliary was the first to place in nomination a candidate for the highest office the State Auxiliary can give.

The ninth district Auxiliary in asking support for their candidate throughout Indiana, called attention to the many years of unselfish service which Mrs. Mount has given the auxiliary both in Tipton and the rest of the state. The resolution adopted stated that Mrs. Mount possesses the needed executive ability, that she has a fine sense of fairness, and that she is fearless in making a decision when needed. Her devotion to the Auxiliary has been untiring since the organization was formed in the state, the resolution said.

Mrs. Mount the present state treasurer, served the Tipton unit of the Auxiliary as president for two years. While leader of the Tipton unit its membership was more than trebled. She then was elected district committee woman for the Ninth. During the time she held this position she organized three new units, revived three that were dormant and was a large factor in starting the district on the upgrade. Her loyalty to the Auxiliary was manifested by attending every district meeting for more than four years without missing one. She was appointed state poppy chair-

Nature says your stomach needs pepsin—needs it three times a day at every meal and the stomach remedy that you need most of all is Dare's Mentha Pepsin. It will do you more good in two weeks than all the old time relievers will do in a lifetime.

That's just the reason that its sales in good drug stores all over America are enormous—that's why Mullins Drug Store is selling dozens of bottles every week.

Take it and you'll learn the secret of how to always have and keep a strong, healthy stomach. If after taking one bottle you are not completely satisfied—money back.—Adv.

Making up a shopping list

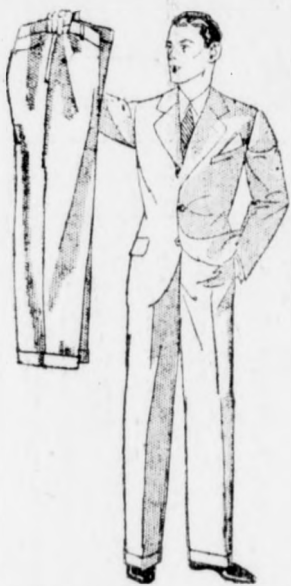

The hall needs a new rug. More towels are needed for the bathroom, and the kitchen floor could certainly stand a coat of paint. The children need shoes. The car will soon need tires. Well, we buy a hundred new things every year.

Scattered throughout the United States are manufacturers who make the very things we need. Their products are on sale in certain stores within easy reach. Certain of these products, and certain of these stores, are especially fitted to take care of our special need. But which products and which stores? Which can we afford, and which do we think is best? We must look to advertising for advice.

Advertising is the straight line between supply and demand. It saves time spent in haphazard shopping. It leads you directly to your goal. By reading the advertisements, we can determine in advance where the best values are to be found. With the aid of advertising, shopping becomes a simple and pleasant business, and budget figures bring more smiles than frowns.

From the pages of this paper you can make up a shopping list that will save you money.

"Drums of Jeopardy" Opens With Excellent Cast

The Granada Theatre is presenting the Tiffany production of Harold MacGrath's thrill novel "The Drums of Jeopardy" today and Friday, matinee and night, with Warner Oland, June Collyer and Lloyd Hughes. Many terrors and thrills are interwoven throughout the story before the two young lovers are finally freed from Oland's vengeance.

Those who liked the mystery production "Dr. Fu Manchu" which was shown here last season, will have another evening's entertainment of this same type awaiting them in the show

ing of "The Drums of Jeopardy."

An added talking comedy of decidedly different class entitled "Hello Television" will afford the patrons opportunity for contrasting relief from the heavy drama on the same program.

Saturday only will be "Hoot" Gibson in an all-talk western picture "Spurs," a real out-door entertainment.

The Diamond - Symbol of Strength - For April

By E. DORSAY

THE diamond has played a more important part in the history of the world than many kings. The Arabs have a legend, that calls the diamond an "angry" stone, because it is so hard that it scratches everything it comes in contact with. Just as this hardness is one of the chief characteristics of the diamond, so is endurance the chief trait of those who have this stone for their talisman—the April-born. Venus, planet of love, rules this month, and the diamond, with its combination of durability and purity, has always been symbolic of marriage.

Constancy and conservativeness are important in your make-up, if you were born in April, and your perseverance will enable you to carry out anything you undertake. While 1930 should have brought you business changes, the year 1931 should see a successful fruition of these—that is, if your decisions regarding these matters come of your own volition. It is important for you to consider all matters by yourself; owing to your great sympathy for others, you are apt to be unconsciously influenced and misled by the opinions of others. If you feel you need advice or help, it is best to select someone born in your own month, or under Scorpio, Virgo and Pisces.

It is more than a coincidence that many of your characteristics are the same as those credited to your birthstone. Reliability—for one; you are thought by everyone to be especially practical and trustworthy. At the time of the Russian revolution, the aristocracy depended entirely upon their store of diamonds to see them out of danger—ending them the only safe, reliable medium of transferring wealth. In bygone days, whole governments waged wars for the possession of a famous diamond, when they were pledged in times

of stress to replenish an empty treasury. The great Napoleon's ambitions might not have been realized but for the funds raised on the famous Pitt diamond, now in the Louvre in Paris, and valued at two million dollars. Diamond investments—as investments—are among the few in the modern world whose sustained value is safeguarded. The output of diamond mines is carefully checked, and channels are meticulously guarded to protect those who already own diamonds from any sudden extreme change in value.

Super-Shell Ethyl

Livelier, quicker anti-knock gasoline... because science has found a way to REMOVE EVERY SLOW-VAPORIZING, LAZY PARTICLE

Now... science's new, perfected anti-knock fuel!

Super-Shell Ethyl is different. It contains Ethyl fluid, of course—a generous charge that assures positive anti-knock value. But with this is now blended a special gasoline.

Shell engineers developed it. They knew that inferior gasoline—no matter what was added—doesn't deliver best performance in your car. They set out to make anti-knock fuel utterly free of slow-firing, harmful, "heavy" gasoline particles. Months of experiment... then they succeeded!

It is a matter of "washing" the gasoline in a series of huge refining towers where the gasoline vapors travel over Shell's

amazing system of "bubble cap trays." Here all the harmful, heavy "fractions" so often left in gasoline are "scrubbed" out.

Into a special pipe flows only the volatile, lively gasoline which Shell blends with Ethyl fluid!

Thus Super-Shell Ethyl gives you finest engine operation. Quick starting. Smooth, even power. High anti-knock value.

Now... see what really fine performance your motor is capable of giving. Try this new Super-Shell Ethyl today. One test will convince you.

Visualizing a section of one of the multiple "bubble cap trays" in Shell's refining and "scrubbing" towers. Here all the heavy, lazy particles are washed out, producing the volatile, lively gasoline base for Super-Shell Ethyl.
